Section 1  DOOR BOTTOMS & SEALS

Door Bottoms are extruded aluminum with either double vinyl seal or wide finger vinyl seal.

Standard Size are 30”, 32”, 36”, 42” & 48” and are cut 1/4” under unless noted.

Other lengths may be ordered, and are cut exact.

Door Bottoms have slotted holes for close adjustment. SMS 6 x 5/8” phillips panhead stainless steel screws are included.

\[\text{Indicates location of standard fastener hole.}\]

THERMAL BREAK door bottoms are shown on page 5.

Color of sealing material is black. Made from virgin, flexible extruded vinyl.

Replacement sealing materials are available and sold by the foot (Page 44).

Custom fabrications - Stop cuts & 3 degree bevel - are available to assist installation. See page 4 for detail.

Typical clearance between door and threshold is 3/8”. Check before installation.

Some Door Bottoms have a drip cap to direct rain water run-off. Weep holes are avail.

Threshold and Door Bottoms can be ordered in packaged sets.

Closure strips with a reach up to 1-1/4” (pages 7 & 8)

Automatic Door Bottoms are available in both Surface Mount and Mortise types.

Part #255 is designed for hollow metal doors (page 4).
Self-drilling sheet metal screws are provided.

**DOOR BOTTOM FAB OPTIONS**

**3 DEGREE BEVEL**

Order: Specify "inswing" or "outswing" door.

Bevel door bottom to fit bevel of door.

**STOP CUT**

Order: Specify size of stop cut: 1/2" or 3/4".

Removes metal to prevent interference with door stop.

**THESE DRAWINGS NOT TO SCALE**

Indicates location of standard fastener hole.

**PRODUCTS ARE SHOWN ACTUAL SIZE**
